

# Talk No. 1 - Responsibilities

## Reason for Talk

Under health and safety legislation all persons on site have a legal responsibility to conduct their activities in a safe manner.

## Main Points

### General

- ◆ You must take reasonable care of your own safety and the safety of others – by what you do and what you don't do !!
- ◆ To comply with statutory health and safety regulations.
- ◆ Co-operate with your employer in matters of safety and health.
- ◆ Report to your employer any dangers or defects that may endanger you or others – this may be in plant or equipment or indeed in systems of work.
- ◆ Make use of and not abuse Personal Protective Equipment supplied to you – this is for your own protection (*Presenter could outline site policy on PPE*)
- ◆ You must NEVER interfere with or misuse any safety device / guard provided for safety purposes (*Presenter should suggest examples or request examples*)

### On Site Safety

*The presenter should outline / reiterate the site specific requirements of this particular site with regard to;*

- ◆ PPE
- ◆ Security
- ◆ Parking
- ◆ Method Statements

## Questions

Presenter should request any questions from the audience

### MAIN POINT FROM THIS SESSION

ON SITE SAFETY IS YOUR RESPONSIBILITY AS WELL
